A “personal electronic device (PED)” is capable of electronically communicating, sending, receiving, storing, recording, reproducing, and/or displaying information and data.

“Independent communication” means communication that does not require assistance or interpretation by an individual who is not part of the communication but that may require the use or assistance of an electronic device.

Personal electronic devices shall be turned off during instructional or class time, or at any other time where such use of the device would cause a disruption of school activities. Any devices which have the capability to take “photographs” or record video, or audio shall not be used for any purpose which violates any other district policy. Computers, tablets, iPads or similar devices brought to school will be restricted to academic activities and independent communications.

If the district implements a curriculum that uses technology, students may be allowed to use their own personal electronic devices to access the curriculum. Students who are allowed to use their own devices to access the curriculum will be granted access to any application or electronic materials when they are available to students who do not use their own devices, or provided free of charge to students who do not use their own devices, for curriculum.

A process for responding to a student’s request to use a personal electronic device, including an appeal process if the request is denied, will be provided.

The district will not be liable for personal electronic devices brought to district property and school-sponsored activities.

Students may not access social media websites using district equipment, while on district property or at district-sponsored activities unless the access is approved by a district representative. The district will not be liable for information or comments posted by students on social media websites.

Exceptions to the prohibitions set forth in this policy may be made for health, safety, or emergency reasons with prior administrator or designee approval or when use is provided for in a student’s individualized education program (IEP).

Students are subject to disciplinary action up to and including expulsion for using a personal electronic device in any manner that is academically dishonest, illegal, or violates the terms of this policy<sup>1</sup>. A referral to law enforcement officials may also be made. Personal electronic devices brought to district property or used in violation of this policy are subject to confiscation and will be released to the student's parent/guardian or property owner, as appropriate.

The superintendent shall ensure that the Board's policy and any subsequent school rules developed by building administrators are reviewed and approved in advance to ensure consistency with this policy and those pertinent provisions of policy and school rules are communicated to staff, students and parents/guardians through building handbooks and other means.
