

Gladstone District donates medical protection supplies

After school districts received a request from Clackamas County Public Health to share personal protective gear, Gladstone Schools acted immediately.

District nurse Cindy Bakke alerted staff that they had supplies on hand, so the school district delivered 200 masks, 5,000 gloves, and 200 hospital gowns to the county.

“We will do all we can to help our community during the Coronavirus outbreak,” said Superintendent Bob Stewart. “We’re all in this together.”
