

DRIVER EDUCATION FOR TEENS

GLADSTONE COMMUNITY SCHOOL 2016-2017

Driving is a privilege, not a right.

➔ Register at the Gladstone School District Office, 17789 Webster Road, Gladstone, OR 97027. Questions? Call (503) 650-2570.

Oregon's ODOT Approved Driver Education Program helps teens learn life-long habits and skills that have been proven to reduce driver risk. Studies show that a teen's likelihood of being in a crash can be dramatically reduced through quality driver education, effective laws and parent involvement.

➔ In order to receive an ODOT Certification Card, students are required to have a minimum of 30 hours classroom instruction, 12 hours of behind-the-wheel (1/2 driving, 1/2 observation) and 5 hours of home practice time. Students must attend all classes, turn in all assignments, and pass final exams. **Under a new program from DMV and ODOT, high school students (under 18 at last class) who successfully complete this approved teen driver education course will not have to take a drive test at DMV when it is time to get their provisional license.** Any other DMV requirement must still be met.

➔ Tuition is \$299 (classroom materials included). **Please Note:** *Driver Education is a State subsidized program, only funded for students with permits age 15-17 and not for licensed drivers. If a student has a license, obtains their license while taking the class, is 18 or older before completing the class, an additional \$200 will be charged, as they are no longer eligible for the teen pricing.*

➔ There is a \$75 subsidy program for students that qualify for the Free/Reduced lunch program or Oregon SNAP/TANF benefits. Students must provide proof of benefits in order to qualify for reduced tuition. *(Benefit applies only to students under 18 years of age and without a license at last class.)*

➔ First class includes an ODOT required parent/student orientation covering class and behind-the-wheel expectations, new laws and driving techniques, and time for questions. Drive time is in **addition** to the classroom portion and meets for two hours, once per week (1/2 driving, 1/2 observation) for 6 weeks. Drive time will be scheduled for after school and/or weekends, and times available vary from term to term. **It is highly recommended that students have had at least 10 hours of behind-the-wheel experience before first drive time.** Please bring your permit to the first and last class and all drive times.

➔ Student conduct is expected to be the same as during any school sponsored activity. Failure to do so may result in exclusion from the program and/or discipline as outlined in the student handbook. ➔ **ACCOMMODATIONS NOTICE:** If you have special needs or a disability that require accommodations in order for you to attend or participate in a school meeting or event, contact the Office of Special Services at (503) 655-2777 at least 48 hours in advance if possible.
